

# ORTHODOX BIBLE READING PLAN

This Reading Plan is designed to be used with a Bible where the Old Testament is based on the Septuagint, the Greek translation that was quoted by Jesus and the Apostles and also used by all the early fathers. It contains roughly 25 percent more content than modern translations because it includes the so-called Deuterocanonical books.

Each day consists of four readings. The first reading is a passage from the Old Testament books of history, wisdom, or the prophets. Passages two and three are from the Psalms and Proverbs, respectively. Passage four is from the New Testament. Psalms and Proverbs are read twice through the year. Doing all four readings will take approximately 15 to 20 minutes each day.

**EXAMPLE:** June's reading dates are filled in for you. Continue in similar fashion, if you choose. Be sure to exclude weekends.
